Pierre Lallemand Design

BRANDING, LOGO, VISUAL IDENTITY, CONTENT, CREATION OF THE WEBSITE AND PRODUCTION OF THE SITE'S VISUALS AND MEDIA. MANAGEMENT OF SOCIAL NETWORKS. LAUNCHING, SUPPLYCHAIN, BUSINESS DEVELOPMENT, STRATEGY, PARTNERSHIP MANAGEMENT.

Lallemand Design approaches and resolves the technical, economic and ecological complexities inherent to design in many different area, such as furniture, bicycles (Ecce Cycles), exoskeletons, boats (Ionic), lights (Moonlight Design and Schreder), luggage and cars (ICare).

We had to create the brand, its identity and its high-end positioning, while offering an intuitive, functional and uncluttered e-commerce interface within a very limited budget.

It had to be scalable to accommodate the development and marketing of other designs over time. Deployment was interrupted by the customer.

WORDS

BRANDING, LOGO, VISUAL IDENTITY, WEBSITE CREATION, PRODUCTION OF TEXT CONTENT, VISUALS AND MEDIA FOR THE PROJECT (PHOTOGRAPHY AND PRODUCTION OF A SHORT DOCUMENTARY). PROJECT MANAGEMENT AND ARTISTIC COMMITTEE.

Words is an artistic project to erect a monumental sculpture reflecting the problem of the loss of common sense.

No instructions were given, our aim was to create a minimalist and singular logo reflecting the artistic dimension of the project. We deconstructed the sculpture to extract the simple element repeated in the work, in order to create a clean and eloquent visual.

We wanted the site to reflect the highly artistic dimension of the project, while at the same time presenting the philosophical question behind the sculpture. The visuals had to be representative of the singularity of the work and the documentary concise enough to capture the essence of the project in a few minutes.
